Additional order conditions rigging work fairs and / or exhibitions

These additional order conditions apply to the rigging work conducted by Frontline Rigging Consults B.V. for clients on assemble and disassemble of hoist points at the roof construction at fairs and / or exhibitions and making of the necessary calculations.

1. Frontline Rigging Consults B.V. only takes orders, if the “Additional order conditions rigging work fairs and / or exhibitions” are applicable stated by the client. Frontline Rigging Consults B.V. is free to ask for an advance payment of her client. When the payment is not coming thru on time because of the client, the work will not be carried out.
2. Orders given by clients for work in order to do the installation of hoist points will be accepted by Frontline Rigging Consults B.V. with taking into account the fact that Frontline Rigging Consults B.V. is protected against all claims who could be made by clients or third parties to Frontline Rigging Consults B.V. force can be made in respect of the ignorant use or overload, the obstruction to use and the consequences of the ignorant use or overloading of the hoist points by the client or third parties.
3. All necessary work preparations which should be made by Frontline Rigging Consults B.V. to conduct the order properly can only occur if the client provides sufficient information about the nature, the position and the load of the to be installed hoist points. This information provided by the client is binding for the proper and safe operation of the to be installed hoist points. When the information about the load of the hoist points is missing, a maximum load of 100 kg per hoist point will be taking into account.
4. The client is not allowed to supply hoist points to third parties, to sublet hoist points, to make changes or change loads towards the hoist plan and by the client provided load statement without prior permission of Frontline Rigging Consults B.V.
5. Frontline Rigging Consults B.V. will visually inspect of the clients or third parties use the hoist points proper and / or inserted proper hoist materials. Regarding to this visual inspection of the hoist materials Frontline Rigging Consults B.V. tolerates them or Frontline Rigging Consults B.V. disapproves them. The client will always have the final responsibility of this.
6. The client declares that there are proper hoist materials brought in and proper handling of the hoist points by a written conformation of the order and / or through carry out the work by Frontline Rigging Consults B.V. Above safeguarded the client not from having the responsibility for by him or through him inserted hoist materials.
